

New

“GO-TAN”(Hard Forged) Mirror Socket No.MTA2010PS (10-pc. Set)

40v
compatible
(18V also supported)

Durability
5 times longer
than the SL series

*Except A/F8mm and A/F10mm, which have 2.5 times longer durability.

**Convenient tool management!
A necessary socket at a glance.
Provided in an EVA tray.**

Point 01

Shock absorption material eases stress concentration on the shank at the time of hammering motion of the power tool.

*Except A/F8mm and A/F10mm

Point 02

Torsion effect reduces the shank breakage.

*Except A/F8mm and A/F10mm which have 2.5 times longer durability.

Torsion effect

Point 03

Can be used with a bolt or nut, whose corner edges are about to be stripped, because our surface contact hexagonal hole socket has many contact areas.

Surface Contact

40v Hex Surface Contact Press-fit 26° 30' Chamfer Drill Impact 6.35mm Color coded
