

**Cable Tie Holder  
TCH-200/300/350**

**No more drop!  
For smooth  
wiring work.**

Product information is available here.

**The work place changes depending on the length.**

Complicating panel wiring (In-panel wiring)

100	150	200	250	300	350
In-panel work			Wiring on a cable tray Bundling of a 3-core CV cable	Main line installation (CV cable bundling)	

**Plenty of useful functions make the wiring work smoother.**

**POINT 1**

Pick smoothly from a diamond-cut opening. Can avoid unintended drop.

**POINT 2**

Necessary cable tie at a glance with a size indication on the zipper pull.

**POINT 3**

Easy management since a full pack\* can be stored.  
\*The quantity of cable ties per pack depends on a shop.

**POINT 4**

Provided with a suction cup with a hook, which is convenient for work at hand. Work efficiency is improved by attaching the holder to a panel wall.

## How to refill the cable ties.

Check the size indication on the zipper pull, open, and put the cable ties inside.

## How to use

Pick the cable tie from the hole in the center of the pocket, and use it.

Can also take out the cable tie directly from the zipper.

- Caution**
- Use after confirming the correct application, size, and usage.
  - Stop using the product if any damage to the metal fittings or tear of the fabric is observed.
  - The suction cup should be firmly stuck before the holder is used.
  - Do not put sharp objects directly into the product.
  - Do not use near fire or heat sources.
